The Columbus Station Condominiums Homeowners Association requires that you purchase the above paints from the *Spectrum Paints* store at 1940 Laskin Rd, Virginia Beach, VA 23454; (757) 417-7550. Tell them you need the paint or fence stain for Columbus Station Condos and they will mix it for you.

Any paint store will tell you that they can match the paint "very close", but all of the buildings in our development must conform to the exact colors specified. Only in this way, can we maintain a look that enhances the value of our property and provides beauty in which we can all take pride.
